Description :

PDF-a2beb | We live in a paradoxical time. Science enables us to know more and more, but it seems to be about less and less: we reach into outer space but understand less about our inner space; we create intricate machineries to direct our lives but cannot control ourselves; we see more trees but no longer the forest. Is there a remedy for these dichotomies? Yes, philosophy, which can bring coherence where fr... *Aquinas and Modern Science: A New Synthesis of Faith and Reason*
