Description :

PDF-b1082 | Automotive wiring is a primary skill required for proper completion and safe operation of any custom build, whether it is a traditional custom, hot rod, or classic daily driver. While restorers typically have the option of buying a new or reproduction wiring harness, custom enthusiasts often have few options except to figure out how to do it themselves. This book guides builders through every step... *Automotive Wiring: A Practical Guide to Wiring Your Hot Rod or Custom Car (Motorbooks Workshop)*
