Description :

PDF-ab805 | In 2005, the video game World of Warcraft struck the cultural landscape with tidal force. One hundred million people have played WoW in the twelve years since. But those people did more than play. They worked, they fought, they triumphed, they held entire game servers hostage, they even married each other in real life. They developed new identities, swapping their workaday selves for warriors, mag... *Blood Plagues and Endless Raids: A Hundred Million Lives in the World of Warcraft*
