Description :

PDF-658bf | Solar power is booming across the U.S.—solar installations accounted for 48% of all the new energy production capacity installed during the first quarter of 2013—but for many people it remains a mysterious and even daunting subject. Sadly, this is especially true for those who could benefit the most from installing solar: the owners and operators of commercial buildings. Faced with ever hig... *Commercial Solar: Step-by-Step*
