The Computer and the Brain

by John von Neumann : **The Computer and the Brain**

ISBN : # | Date : 2012-05-02

Description :

PDF-b5f64 | John von Neumann is generally regarded as one of the greatest mathematicians in modern history. His last work „The Computer and the Brain“ was begun shortly before his death in 1957 and compares the human brain with the computing machines of his time. Von Neumann discusses analogies and differences with unparalleled clarity and precision, making his thoughts still relevant today.... *The Computer and the Brain*
