Description :

PDF-2d109 | In the twenty-first century, the United States has all but used up its oil supply. A new source must be found. Our atomic sub-tugs begin stealing oil from underwater deposits in enemy territory. But none of the last twenty tugs sent to bring back the desperately needed mineral have returned. Ensign John Ramsey of the Bureau of Psychology is planted aboard the Fenian Ram S1881 as an electronics offi... *The Dragon in the Sea*
