Description :

PDF-05356 | For more than a century, oil has been the engine of growth for a society that delivers an unprecedented standard of living to many. We now take for granted that economic growth is good, necessary, and even inevitable, but also feel a sense of unease about the simultaneous growth of complexity in the processes and institutions that generate and manage that growth. As societies grow more complex thr... *Drilling Down: The Gulf Oil Debacle and Our Energy Dilemma*
