Description :

PDF-048db | All over the world, people learn in school that the Netherlands is a country that lies below sea-level. Dikes, polders, windmills and wooden shoes are well-known icons of this unusual nation, while its sturdy dams and storm surge barriers also enjoy world fame. But how does it all work? How can a country exist under such circumstances and even be prosperous? One would expect the Dutch to panic abo... *The Dutch and their Delta: Living Below Sea Level*
